

Environment Guidelines for the Rally Teams:

- ✓ Use designated trash bins for waste management
- ✓ Keep the car engine at low revs outside of the stages, reducing noise and carbon pollution.
- ✓ Always use anti spilling devices during refueling and at the service park.
- ✓ Reduce the noise on the service park.
- ✓ Car wash can only be done on the previously designated areas.
- ✓ Choose car sharing when possible or for short distances go on foot.
- ✓ Report any environment incident using the email
